Revisit the ultimate album of 1977, a passionate look at love, loss, breakups, betrayals and dreams with this perfect recreation by Classic Albums Live. Classic Albums Live takes classic albums and recreates them live on stage, note-for-note and cut-for-cut, faithfully recreating the album exactly as it was recorded.

Founded in 2003 by Toronto musician Craig Martin, Classic Albums Live has quickly earned a stellar reputation for perfectly recreating classic albums, but without the cheesy costumes or shoddy impersonators. Using the world's best musicians, fans are treated to an exact replication of the album followed by a second set of the featured artist's greatest hits. Musicians are chosen according to their sound and their fit into a particular niche, be it Fleetwood Mac, Pink Floyd, The Beatles or Led Zeppelin. Whatever it takes, the musicians treat these revered albums like a score - the way a symphony orchestra treats Mozart. [Click here](#) for a look.
